PROFESSIONAL SUMMARY

Computer Science Engineering student at JECRC University with hands-on experience building full-stack web applications using the MERN stack, REST APIs, databases, and AI API integrations. Strong foundation in C++, Java, Python, Data Structures & Algorithms, Object-Oriented Programming, DBMS, Operating Systems, and Computer Networks. Seeking software engineering and full-stack development internship opportunities.

EDUCATION

JECRC University, Jaipur **2023 – 2027**
Bachelor of Technology in Computer Science Engineering *CGPA: 7.5/10*

D.A.V. K.T.P. School, CBSE **2023**
Senior Secondary

D.A.V. K.T.P. School, CBSE **2021**
Secondary

PROJECTS

Asska AI — Educational AI Chatbot *AI chatbot | AI APIs | Deployed*

- Developed a distraction-free educational chatbot using the MERN stack and AI APIs for topic-focused learning assistance.
- Implemented topic-restricted conversations to reduce non-academic interactions and maintain learning-focused responses.
- Integrated AI APIs to provide instant explanations, concept clarification, and study assistance.
- **Live Demo:** asska-ai-x9ca.vercel.app

Pragati AI — AI-Powered Student Assistance Platform *MERN Stack | REST APIs | AI Integration | Deployed prototype*

- Developed a full-stack MERN platform to assist students with the PM Internship Scheme enrollment process.
- Implemented REST API-based workflows and integrated AI capabilities to provide contextual assistance to users.
- Selected among the **Top 5 teams** during the college-level Smart India Hackathon evaluation.
- **Live Demo:** pragatiai.co.in

wDigAI — Personal Finance Manager *MERN Stack | CRUD | Database | AI Integration*

- Building a full-stack finance manager for expense tracking, spending limits, and financial record management.
- Implemented CRUD-based workflows for managing expense records and structured application data.
- Integrating AI-generated insights based on user spending behavior for personalized financial analysis.

EXPERIENCE

My Body Affaire
Volunteer & Team Operations Associate

- Supported team coordination, operational management, event execution, and marketing activities while collaborating with cross-functional teams.
- Participated in entrepreneurship and innovation initiatives at JECRC University, contributing to team coordination and startup-related activities.

TECHNICAL SKILLS

Languages: C, C++, Java, Python, JavaScript
Web Technologies: HTML, CSS, React.js, Node.js, Express.js, REST APIs
Databases: MySQL, MongoDB, MongoDB Atlas
Core CS: Data Structures & Algorithms, Object-Oriented Programming, DBMS, Operating Systems, Computer Networks
AI & APIs: AI API Integration, OpenAI APIs, LLM-based Application Development
Tools: Git, GitHub, VS Code

ACHIEVEMENTS

- **Top 5 Team — Smart India Hackathon:** Selected among the top five teams during the college-level evaluation program.
- Participated in startup, innovation, and entrepreneurship initiatives at JECRC University.
